Shelbyville, IN 46176

**Re:    Administrative Amendment to the Knauf Insulation PSD Permit**

Dear Mr. Aldridge:

This letter is in response to your requests dated June 13, 2006, February 9, 2007 and March 12, 2007 to revise the Prevention of Significant Deterioration (PSD) permit issued to the Knauf Insulation facility in Shasta Lake, California. The PSD permit was originally issued on March 14, 2000, and amended on May 11, 2006.

We have reviewed this request and determined that the permit amendments requested are justified and will have no impact on emissions or air quality. For this reason, the United States Environmental Protection Agency (EPA) considers the permit amendment to be administrative in nature and not subject to public review requirements.

Therefore, EPA hereby amends the permit as requested. Enclosed are the revised PSD permit and an Ambient Air Quality Impact Report which describes the changes to the permit. This amendment to the permit is effective immediately.

If you have any questions regarding this matter, please contact Shaheerah Kelly of the Permits Office at (415) 947-4156.

Sincerely,

A handwritten signature in black ink, appearing to read "Deborah Jordan", is written over a horizontal line.

Deborah Jordan  
Director, Air Division
